NOVEMBER 7, 2023

9 a.m. to 1 p.m.

Location:

FLAGSTAFF POLICE DEPARTMENT

911 E. Sawmill Rd., Flagstaff, AZ 86001

This course may qualify for training credit from your agency.

Prerequisite: Students must be full-time, commissioned peace officers or Criminal Analysts working for a law enforcement agency.

Course Description: Image Comparison Technology is increasingly becoming a part of law enforcement across the country. In this course, we will provide an in-depth view of the current state of biometric identification, legal aspects, and best deployment practices. We'll focus on the balance between how to use this technology responsibly and successfully.

The trainers of this course will demonstrate:

- An overview of best practices and policies
- A walkthrough of the ComparisonManager™ Technology software
- Manage user, case, & system-level auditing
- 5-Step Investigative workflow process

Get the chance to work through real-world scenarios on an image comparison database, utilizing enhancement tools with step-by-step instruction. Discover how using millions of open-source images in an established gallery complements your existing local booking images. Maximize your investigative efforts by implementing image comparison technology and improve in almost every facet of the job, including both areas of proactive field enforcement and investigations.

Please bring a computer that is Wi-Fi capable to complete the hands-on portion of the training.

Who Should Attend: Officers, Detectives, Investigators, Supervisors.
