

# Nodes Phoenix

FEB 13, 2024 | 11AM – 5PM

## Join Chainalysis for a day of cryptocurrency investigations, education, and networking

This free workshop will provide insights to how blockchain technology and cryptocurrency are being exploited by criminals, and provide tools and training to help your agency respond. Peers from state, local, and federal law enforcement agencies and Chainalysis will share case studies, offer best practices, and present new research on cryptocurrency-related crime that you can apply to your current investigations.

### Where is the event being held?

Nodes Phoenix will be held at the Gilbert Public Safety Training Facility located at 6860 S Power Rd.

### Who should attend?

Public sector leaders and executives interested in the future of cryptocurrency, including agency leadership, regulators, policy experts, program managers, investigation leads, and analysts.
